

COMMISSIONER PROCEEDINGS

Approved

August 30, 2023

The Wallace County Board of Commissioners met in special session with, Larry Townsend, Chairman, Michael Cowles, Commissioner, and Brionna Colvin, County Clerk present.

Wendy Dunagan, Appraiser was present.

The meeting was called to order by Chairman Townsend for business at 11:31 a.m.

Commissioner Larson was notified of the meeting but was not able to attend.

Clerk Colvin presented abatements and an add to the tax roll.

2022-14 is an add to the tax roll due to a clerical error made by multiple departments that missed it. The deed was not read correctly, and this property was being taxed to another individual. This is the add for the previous abatement 2022-15.

Abatement 2021-17 and 2022-17 is due to the appraiser valuing the property off of what is visible. The owner talked to JoAnna and informed her of what the property actually contains.

Chairman Townsend made a motion to abate 2021-17 and 2022-17 in the amount of \$654.24 and add 2022-14 for \$739.48. Commissioner Cowles seconded.
